PROFESSIONAL SUMMARY

A highly skilled Machine Learning and Deep Learning professional with a proven track record demonstrated through multiple projects, available on GitHub and LinkedIn. Holds several certifications in **Data Analysis**, **Data Science**, and **Artificial Intelligence** from prestigious institutions including **NTI, ITI, Route**, and **Nvidia**.

WORK HISTORY

Senior data scientist , 09/2025 - Current

Data scientisit - Cairo, Cairo Governorate

- Analyzed data trends to identify patterns and inform decision-making processes.
- Assisted in developing predictive models to support decision-making processes.
- Collaborated with team members to gather and clean data for analysis.
- Developed machine learning models to analyse data and extract insights.
- Collaborated with team members to evaluate model performance and adjust parameters.
- Familiar with deep learning ,and ML
- I Have many Project on Tensorflow and scikit learn

SKILLS

- Problem solving
- Programming in Python
- Programming in Java
- C development
- HTML and JavaScript
- Object-oriented programming
- Data visualization with Power BI
- Spreadsheet management with Excel
- SQL
- APIs
- scikit learn
- Tensorflow

EDUCATION

NVQ Level 3: Data Science, 01/2024 - Current
Helwan National University (HNU) - Helwan

CERTIFICATIONS AND LICENSES

- Data analysis (**NTI**)
- ML (**Nvidia**)
- AI & ML (**Route**)
- intro to AI (**BUE**)
- AI For business (**NTI**)
